Presents

BEST DOCTORS SOUTH 2026

Tamilnadu + Kerala

Karnataka

Andhra Pradesh + Telangana

Nebkar Media and Research is proud to present the 2026 edition of "Best Doctors South"—our annual feature celebrating excellence across diverse fields of medicine. This feature is the result of a meticulous peer survey of consultant doctors across the southern region, reviewed and validated by the Nebkar Media editorial team before finalizing the selection. We received an overwhelming response this year; however, due to space constraints, only 6-7 doctors could be featured in each specialty. We extend our sincere apologies to the other outstanding doctors who were shortlisted but could not be included this time. As the backbone of this feature is an extensive nomination survey, we encourage all doctors who receive the survey email to kindly respond and complete the questionnaire. Your participation will help us create a more comprehensive and inclusive list in the future.

TAMILNADU + KERALA

Dr Natarajan Rajagopalan

With 28 years of neurosurgical practice following training at Thanjavur Medical College and NIMHANS, Dr. Natarajan Rajagopalan introduced endoscopic neurosurgery to Tamil Nadu in 2000. He specializes in complex brain and spine tumors and spinal birth defects in children.

South India's only dedicated 150-bed neurosciences hospital, he has conducted 8 state conferences, delivered the prestigious Prof. B. Ramamoorthi Oration (Madras Medical College) and Prof. Rajagopal Memorial Oration (Thanjavur Medical College), and remains a frequently invited speaker at national conferences. He founded Neuro Foundation, south India's only dedicated Neuro Hospital at Salem in 2011

Dr. K. S. Kirushna Kumar

Dr. K. S. Kirushna Kumar has, for over 25 years, been a defining presence in the evolution of cancer care across South Tamil Nadu. An eminent Radiation Oncologist and visionary leader in the Department of Oncology at MMHRC, Madurai, and a proud alumnus of Kasturba Medical College, Manipal, he has touched the lives of more than 25,000 patients,

bringing the precision of advanced radiation techniques such as IMRT, IGRT, VMAT, and SBRT to deliver exceptional outcomes with minimal toxicity. His commitment, however, extends far beyond the treatment room. A strong advocate for equitable access to advanced cancer therapies, he has spearheaded more than 80 clinical trials, several of which have received prestigious USFDA clearances. His professional legacy is built on the powerful intersection of clinical excellence, pioneering research, and compassion. As a mentor par excellence, he continues to inspire and shape future oncologists through his wisdom, guidance, and unwavering dedication—leaving an enduring mark on the future of oncology through innovation, purpose, and empathy.

Dr. Ebor Jacob James

DNB (Pediatrics), DCH, MBA, FIAP, FICCM, FCCM, Professor & Lead consultant, Pediatric Critical Care, Christian Medical College, Vellore

He is a well-renowned Senior Pediatric Intensivist and Simulation Educator. He currently serves as Chairperson of the Indian Academy of Pediatrics (IAP) – Intensive Care Chapter and Chief Advisor to the Evaluation and Examination Committee

of the Indian College of Pediatrics. He was Vice-Chancellor of the IAP-ICC College (2023–24) and is past President of PediSTARS India. A fellow of the American College of Critical Care Medicine, Indian College of Critical Care Medicine, and IAP, he is also a regional faculty with the American Heart Association. He is a reviewer in many reputed journals and has authored multiple articles in peer-reviewed journals and several chapters in leading pediatric critical care textbooks. A respected teacher, examiner, and reviewer, his interests include sepsis, simulation, resuscitation, ECMO, ICU follow-up, and extending pediatric acute care to underserved regions.

Dr Avinash Haridas

MBBS, MRCS, FRCS (Neuro.Surg), Director of Neurosciences, Consultant Neurosurgeon, Head of Department of Neurosurgery, KVM Super Specialty Hospital, Cherthala, Alappuzha, Kerala 688524, India E-mail: avinash.haridas@mac.com

Dr. Avinash Haridas (MBBS, MRCS, FRCS Neuro.Surg) belongs to a rare breed of Neurosurgeons who are clinicians, scientists, innovators, philanthropists, educators, who are equally comfortable in the realms of Neurology and Neurosurgery.

Albeit deeply patriotic, he is every bit a global citizen who wishes not only to improve neurological and neurosurgical care for patients in India, but also in every country in the World. Over the last 15 years, he has emerged as one of the most transformative figures in contemporary medicine. Having honed his elite skills at prestigious UK institutions like The National Hospital for Neurology & Neurosurgery (Queen Square) and King's College London, he chose to return home to Cherthala, Kerala, establishing a world-class Neurosurgery Unit that has saved countless lives.

His career is defined by historic clinical firsts and a relentless pursuit of patient safety:

Pioneering Care: He founded one of India's first Neurosurgeon-led Ischaemic Stroke Unit—a milestone celebrated as being of "Greatest benefit to mankind" for being a crucial blueprint for significantly scaling up effective stroke treatment across India. **Surgical Firsts:** He performed Kerala's first Intracranial Pressure (ICP) monitoring, Intra-operative 3D-CT guided Spinal fixation, Intra-operative 3D-CT guided ICH evacuation, alongside Alappuzha's first Endoscopic Trans-sphenoidal Pituitary tumour excision, Halo Fixation, 3D-CT spine injections and fully programmable Ventricle-Peritoneal (VP) shunt insertion. **Global Innovation & Academic Legacy:** A true innovator, Dr. Haridas has developed cutting-edge techniques to make Neurosurgery safer and simpler. These include the Avanti Neuro-endoscopic technique for complex Subdural Haematoma evacuation, the patent-pending Anjali Spinal Technique for complex spine surgery, and the Anjali cranial technique for minimally invasive intracerebral haematoma evacuation. By sharing his pioneering methods and clinical insights, he actively shapes the future of medicine both in India and around the World. Recognised globally and locally, his accolades include the SBNS London best oral presentation award and multiple Vocational Excellence Awards in Neurosurgery. Dr. Avinash Haridas represents the pinnacle of medical dedication—bringing world-class neurological advancements not only directly to his community, but all around the World!

Dr. R. Narasimhan

Senior Pulmonologist, Apollo Hospitals, Chennai. Dr. R. Narasimhan is serving as a senior Pulmonologist at Apollo Hospitals, Chennai, for the past 35 years, establishing himself as a leading figure in Indian respiratory medicine. In 2005, he founded the DNB Respiratory Medicine program at Apollo Chennai, followed in 2015 by the institution's Interventional

Pulmonology fellowship, shaping generations of specialists in the field. A pioneer of advanced bronchoscopic techniques in India, he introduced video bronchoscopy, narrow band imaging flexible pleuroscopy, EBUS, cryobiopsy, and bronchial thermoplasty to clinical practice. He holds the distinction of having performed the highest number of bronchoscopies in the country, alongside numerous thoracoscopies and EBUS procedures, and played a pivotal role in popularizing Interventional Pulmonology at a time when apprehension over tuberculosis and infection risk deterred many practitioners. As Chairman of the Respiratory Research Foundation, he has led more than 500 screening and awareness camps, benefitting thousands of patients across communities. His contributions have been recognized with Lifetime Achievement Awards from the Lions Club and the Indian Association for Bronchology, the Best Teacher Award (APICON, Tamil Nadu), the Rotary Club's Vocational Excellence Award, and multiple community service honors.

DR. R. P. ILANGHO

MD FRCP[Glasg] DTRD
Senior Consultant Pulmonologist

Dr. Ilangho RP is a renowned Pulmonologist in Chennai with over 37 of experience- at Apollo Hospitals-[Main]Chennai. He has been the Coordinator of India's earliest Respiratory Medicine Department, & is the Academic Coordinator for Respiratory PG students since inception in 2005. He specializes in the treatment of **Asthma, Bronchitis, COPD, Pneumonia, Sleep diseases, Interstitial lung Diseases, Occupational and Smoking problems, Cancer, Pollution,**

TB, Lung Transplant etc. He is also an expert in Bronchoscopy and Interventional Pulmonology procedures- including Critical Care - Ventilators. He has publications in Medical journals -India & International. Dr. Ilangho holds many significant positions : President of Indian Medical Association Apollo Hospitals TL; Vice-President of the FIRST-Association of Pulmonologists of Tamilnadu. He has given various talks over the Radio, TV and You-Tube. He is affiliated to many Organisations-National & International. Dr. Ilangho has also reviewed various international and national journals. He has a special interest in conducting Research in

Medicine and Life- On an ongoing basis.

Awards & Achievements: • State University First Rank in Diploma in Tuberculosis & Respiratory Diseases (1990) Tamilnadu, India. || • Served as Vice-President (Medical) - BreatheEasy Clinic Asthma- COPD, for Apollo Hospitals Group, India, First Disease Management Programme || • FRCP [Glasg]-Fellow of the Royal College-Glasgow-UK.

Dr. R. Vijayabhaskar

Dr. R. Vijayabhaskar is a distinguished Surgical Oncologist with nearly two decades of clinical expertise in comprehensive cancer care. He serves as the Head of the Department of Surgical Oncology and leads the Integrated Breast Clinic at the Meenakshi Mission Institute of Cancer Care across Meenakshi

Mission Hospital and Research Centre (MMHRC) and Meenakshi Superspecialty Hospital in Madurai. Dr. Vijayabhaskar received his foundational surgical training at the Postgraduate Institute of Medical Education and Research (PGIMER), Chandigarh, followed by specialized M.Ch. training in Surgical Oncology at the renowned Tata Memorial Hospital, Mumbai. He further advanced his expertise with a post-doctoral fellowship in Head and Neck Surgery and Oncology at the MD Anderson Cancer Center in Houston, Texas, USA. With extensive clinical experience, his primary areas of focus include Breast Oncology, Head and Neck Surgery, Thoracic Oncology, and Robotic Surgery. Beyond his clinical practice, Dr. Vijayabhaskar is an esteemed faculty member for the National Board of Examinations (NBE). An active academician and researcher, he has authored numerous publications in peer-reviewed national and international medical journals and serves as a Principal Investigator for several global multicentric clinical trials.

Dr. M. J. Arunkumar

M.Ch., DNB Director & Head of Neurosurgery/Neurosciences
Founder – Chairman & Managing Director,
Hannah Joseph Hospital Limited Madurai

A distinguished alumnus of CMC Vellore with over 27 years of expertise in Brain & Spine disorders

specialising in Cerebrovascular & Skull Base Tumor surgeries in particular. A trailblazer, Dr Arunkumar pioneered Brain & Spine Navigation and Fluorescence/ ICG guidance for the treatment of Brain Tumors & Aneurysm in South Tamilnadu for over a decade. He brought in the Artificial Intelligence (AI) 3.0 version of DTI Fiber tracking guided brain tumour surgeries for the first time in South Asia & India (Ref: Brainlab). He was also the former President of Tamilnadu Association of Neurological Surgeons (TANS).

Dr. Vijay G
MBBS, MD (Pediatrics, AIIMS), DNB (Pediatrics),
DM (Medical Oncology)
Consultant, Adult & Pediatric Hemato-Oncology and
Medical Oncology
VS Hospitals, Chetpet.

Dr. Vijay is one of a handful of oncologists in the country trained in both medical oncology and pediatric hemato-oncology, letting him move seamlessly between adult and childhood cancers.

He topped the AIIMS entrance exam in Medical

Oncology and was named Best Outgoing Postgraduate at AIIMS by India's Health Minister. Now a familiar face at state conferences — over 50 and counting — he brings a young oncologist's energy to some of the field's hardest conversations.

Dr. Venkatachalam Veerappan
MBBS, MS (General Surgery), MCh (Surgical Oncology)
Consultant Surgical Oncologist
VS Hospitals, Kilpauk.

With over 13 years in cancer surgery, Dr. Venkatachalam operates across an unusually wide field — head and neck, breast, GI, gynaecologic, urologic and soft-tissue cancers — and is among the few surgeons in the world managing peritoneal cancer specifically.

Gold medals and national surgical honours mark his training years; today, he's just as comfortable performing a biopsy as a complex resection, always with an eye on getting patients back to their lives.

Dr. Sindhuja L
MD, DNB, DM (Neurology),
FEBN, MRCP-SCE (Neurology), FIHN
Senior Consultant Neurologist
VS Hospitals, Chennai.

With 14 years of experience, Dr. Sindhuja L manages the full spectrum of neurological disorders, including stroke, epilepsy, movement disorders and neuromuscular conditions. She has a special interest in headache medicine, offering Botox, nerve blocks and Transcranial Magnetic Stimulation (TMS) for chronic migraine and other neurological conditions.

A Fellow of the European Board of Neurology and holder of the MRCP-SCE (Neurology), she has authored over 10 peer-reviewed papers and 7 textbook chapters across her areas of expertise.

Dr. R. Saranyan.
MS, MCh (Neurosurgery)
Senior Consultant Neurosurgeon
VS Hospitals, Kilpauk & Tondiarpet.

Dr. Saranyan has performed over 1,000 neurosurgical procedures, with particular depth in traumatic brain injury and emergency neuro-trauma — the cases where minutes decide outcomes. His practice also spans spine surgery, brain and spinal tumours,

stroke and aneurysm care, and endoscopic skull base procedures, supported by neuronavigation and intraoperative monitoring. Colleagues describe him as unflappable under pressure, which, in his line of work, is precisely the point.

Prof. Dr. S. Sundar
M.S. (Ortho), FIGOF (Germany)
Medical Director, Professor of Orthopaedics (SRMC) &
Head, Department of Orthopaedics,
Senior Orthopedist Joint Replacement & Tumour Surgery
VS Hospitals, Chennai.

With over 30 years of experience, Prof. Dr. S. Sundar has performed more than 4,000 joint replacements and 500+ limb salvage surgeries, drawing on training as an Indo-German Orthopaedic Foundation Fellow in Munich and an orthopaedic oncology fellowship at Birmingham's Royal Orthopaedic Hospital.

He holds the Best Doctor Award from The Tamil Nadu Dr MGR Medical University, has delivered over 200 guest lectures, and continues to mentor the next generation of orthopaedic surgeons at VS Hospitals

Prof. Dr. S. Subramanian
MD, MRCP (UK)
Founder & Chairman, VS Hospitals; Senior Medical
Oncologist
VS Hospitals, Chennai.

India's senior-most practicing Medical Oncologist, Prof. Dr. S. Subramanian brings close to five decades of experience and over half a million patient consultations to his name. A graduate of Madras Medical College and a member of the Royal College of Physicians, UK, he founded VS Hospitals and built its

multidisciplinary cancer care programme, and holds the Lifetime Achievement Award from The Tamil Nadu Dr MGR Medical University awarded by former Governor Dr. K. Rosaiah.

Dr. Nithya S
MBBS, MD, DM (Medical Oncology)
Senior Consultant — Medical Oncology
VS Hospitals, Chetpet.

Sixteen years into oncology, Dr. Nithya has built a name for handling the toughest cases — chemotherapy, immunotherapy, targeted and hormone therapy — with equal parts precision and warmth. Her dual grounding in medical and pediatric oncology lets her treat

the full age spectrum under one roof. Patients often mention her patience before her expertise; her research record, spanning several published papers, speaks for the rest. Gold medalist in both pediatrics and medical oncology.

Dr. L. Bharath
MBBS, MS (Ortho), FRCS (UK)
Consultant, Knee & Hip Replacement Surgeon
VS Hospitals, Kilpauk.

Dr. L. Bharath is a distinguished arthroplasty surgeon specializing in robotic-assisted knee replacement, complex primary joint replacement, and revision hip and knee arthroplasty. With over 12,000 successful hip and knee replacement surgeries, he is recognized as a pioneer of SMART Knee Replacement in India. Internationally trained, he combines advanced technology with evidence-based practice to deliver precision surgery,

faster recovery, and excellent patient outcomes. A passionate educator and mentor, he actively trains arthroplasty surgeons through instructional courses, live surgical demonstrations, and academic forums, contributing to the advancement of joint replacement surgery.

Dr. J. Saravanan
MBBS (JIPMER), MS (Gen), MCh (SGE), FMAS, FALS (HPB), FALS (Onco), FARIS
Senior Consultant Surgical Gastroenterologist
VS Hospitals, Kilpauk.

Over two decades into HPB and GI surgery, Dr. Saravanan has built his name on the hardest cases — liver, pancreas and colorectal disease requiring advanced laparoscopic technique. Trained at premier institutions and now a fellow in robotic surgery, he pairs meticulous technique with a bedside manner peers describe as genuinely compassionate. At VS Hospitals, he's become the surgeon other doctors send their toughest gastrointestinal oncology cases to.

Dr. Indhra Nedumaran
MBBS, DNB (Obstetrics & Gynaecology)
Consultant Obstetrician, Gynaecologist & Laparoscopic Surgeon
VS Hospitals, Kilpauk.

With over 22 years in women's health, Dr. Indhra is renowned for managing cases others refer out. Her achievements include removing a **4-kg giant ovarian endometrioma**—a rare 25 × 18 × 21 cm cyst containing 5.6 litres of endometriotic fluid, among the largest reported in medical literature. She also led a complex multidisciplinary tumour surgery, after which the patient returned two years later to deliver a healthy baby boy. Dr. Indhra expertly manages high-risk pregnancies and complex gynaecological surgeries, with patients describing her care as more maternal than clinical.

Dr. Girija Ashokkumar
MBBS, DGO, DRM
Consultant Gynaecologist & Obstetrician
VS Hospitals, Tondiarpet.

Dr. Girija Ashokkumar brings over 21 years of experience in obstetrics and gynaecology, with a practice built around Chennai's northern suburbs. Her expertise spans antenatal care, high-risk pregnancy management, and a broad range of gynaecological conditions. Trained at I.R.T. Perundurai Medical College and holding a DGO from Stanley medical College affiliated with The Tamilnadu Dr MGR medical University and DRM from KIEL University Germany. She is known for her clinical approach and consistent, patient-centred care across two decades of practice.

Dr. Chandra Mohan
MD (Pediatrics), DM (Gastroenterology), DCH
Senior Gastroenterologist
VS Hospitals, Tondiarpet.

Dr. Chandra Mohan is a renowned Gastroenterologist with over 16 years of clinical expertise in managing the full range of digestive and liver disorders. His foundational training in pediatrics, paired with advanced super-specialty qualification in gastroenterology, gives him a rare ability to treat both children and adults with continuity and clarity. Trained at Tamil Nadu Dr. M.G.R. Medical University, he is widely respected for precise diagnosis, clear patient communication, and evidence-based, long-term disease management.

KARNATAKA

Dr (Prof). DWARAKANATH SRINIVAS

MS,MCH, IFAANS, FACS

Professor and Unit Head, Neurosurgery, NIMHANS. An Alumnus of PGIMER, Chandigarh and AIIMS, New Delhi. Also, the Best outgoing student from Bangalore Medical College for MBBS winning 12 Gold medals and prizes. Also the CNS-Sugita Awardee. He has done pioneering work on Deep Brain

Stimulation and Gamma Knife, Pediatric neurosurgery, Cerebrovascular and Skull Base surgery. Has published more than 265 peer reviewed papers and has been awarded multiple research grants including Deep Brain stimulation for Obsessive Compulsive disorder and Development of Robotics for Neurosurgery. He currently is The Chair of Board of Education, Neurological Society of India and Member WFNS (Neurooncology). He is also the President Elect, ISSFN and Bangalore Neurological Society as well as the Secretary, Cerebrovascular Society of India and Skull Base surgery Societies. He was awarded the Sir CV Raman Award for Medical Sciences by the Karnataka Government in 2024. He is the Author of a Textbook on Microneurosurgery for Brain Aneurysms. He was awarded the prestigious Fellow of MDSI in 2026.

Dr H K Susheen Dutt

Dr H K Susheen Dutt is a senior consultant ENT , cochlear implant and skullbase surgeon , Bangalore with a rich experience of 18 years . He is currently the director of Datta's speciality ENT centre and the lead consultant at Fortis hospital , Bannerghatta Road, Bangalore

- Additional Director & Lead consultant, Dept of ENT, cochlear implants & skullbase surgery, fortis healthcare, Bangalore
- Fellowship trained in advanced endoscopic sinus and anterior skullbase surgery (Trichy & Singapore)
- Certificate training in cochlear implants & lateral skullbase surgery (Italy).
- Specialist in middle ear reconstruction, cochlear implants and bone conduction hearing implants , lateral skullbase procedures.
- Specialist in advanced endoscopic sinus & anterior skullbase surgery.
- Dr Susheen Dutt has been successfully running fully free CSR funded cochlear implant program for the underprivileged children for the last 4 years .

Dr Manjiri Somashekhar

Senior consultant and HOD Paediatric Surgery
Aster Hospitals Bangalore, India

- MS(General Surg), MCh, DNB (Paediatric Surg) Gold medal
- years of experience- 25 years
- Achievements:
- RK Gandhi gold medal for paediatric surgery.(2004)
- Fellowship in pediatric oncosurgery (GCRI)
- Training in Paediatric laparoscopic surgery, Robotic surgery,

- Training in Fetal Surgery.
- Area(s) of Interest:
- Minimal invasive pediatric Surgery, Pediatric oncology,
- Fetal Surgery.
- Publications:
- Original articles and case reports in Journal of Indian association of pediatric surgery, Paediatric Surgery International, Annals of Pediatric Surgery, Indian Journal of Surgical Oncology, Indian journal of Surgery, Indian Journal of Gynec oncology, Surgical Innovations
- Invited reviewer for national and international journal articles
- PG teacher and examiner for 20 years
- Eminent best drs of south india for 3 consecutive year
- FARIS award 2026.
- FRCS(Glasgow).
- Receipt of Most trusted Pediatric Surgeon of South India 2026.

Dr Pradyumna R

MBBS | MS - Orthopaedics | Fellowship in Arthroscopy & Sports Medicine (ISAKOS) | Fellowship in Shoulder & Elbow Surgery (Germany) | Fellowship in Complex Shoulder Arthroscopy & Arthroplasty (South Korea) | FIFA Diploma in Football Medicine

Dr. Pradyumna R is a highly skilled orthopaedic surgeon specializing in

shoulder surgery, sports medicine, arthroscopy, and joint replacement. Dr Pradyumna is Internationally Trained from some of best surgeons from Germany and South Korea in advanced orthopaedic surgery and minimally invasive techniques. Dr. Pradyumna specializes in managing some of the most complex shoulder, knee, and sports injury cases. His expertise spans advanced arthroscopic procedures, complex ligament reconstructions, revision surgeries, cartilage restoration, and robotic-assisted joint replacement. By combining global surgical standards with evidence-based care, he delivers precise, personalized treatment focused on faster recovery, restored function, and long-term quality of life.

Ravi Kumar is a Consultant Paediatric Neurologist and Epileptologist at Krishna Institute of Medical Sciences (KIMS) Hospitals, MAHADEVAPURA, Bengaluru, specializing in epilepsy, neurodevelopmental disorders, and child neuroscience, committed to advancing evidence-based, family-centred paediatric neurological care.

Dr. Gowri Chinthalapalli

Dr. Gowri Chinthalapalli is a Development Physician dedicated to advancing child development through evidence-based care, empowering families with parent education, and improving healthcare accessibility through education and digital outreach. She is the director of Just4Kids Child Development Centre

Dr. Niti Raizada

MD DNB DM ECMO MRCP(UK)
(Med Onc) EMPH (US)

Principal Director, Medical Oncology & Hemato Oncology, Fortis Hospitals, Bangalore.

Founder, Athira Oncology & Hematology Clinics Bangalore
Medical Oncologist, Hemato Oncologist & Bone Marrow Transplant Physician.

Fellowship in Hematology, Hammersmith Hospital, London.

Gold medalist & President of India awardee

Dr Darshan Patil

Senior Consultant, Surgical Oncology
Aster International Institute of Oncology Aster CMI Hebbal Bengaluru
Compassionate surgical oncologist advancing precision cancer care through innovation, robotic surgery, HIPEC and clinical excellence.

Dr Pradeep Rangappa

Formally trained in Intensive Care at St. John's Medical College and Royal Adelaide Hospital, I hold FJFICM (Australia), EDIC (Europe) with distinction, FICCM (India), Medical Law from NLS AND Diploma in Epidemiology. I have created over 550 educational videos, led 150 academic meets, 35 workshops, CRITICARE, GICS, GAPIO, and pioneered BITS and BICEP. During COVID-19, I supported Karnataka's expert committee and led Tele-ICU services across 15 districts. Founder of DCCET and ACME, I remain committed to advancing Indian Intensive Care globally, with educational and clinical impact.

Dr. Ajith Kumar A. K.

MD, DNB, FRCP, EDIC, FICCM

Dr Ajith Kumar is an astute clinician and renowned intensivist of the country working at Aster Whitefield Hospital in Bengaluru. Areas of special expertise include ARDS, shock, multi-organ failure and extracorporeal therapies. Dr Kumar is the immediate past Vice-Chancellor of Indian College of Critical Care Medicine.

Dr. Keni Ravish Rajiv

MBBS, MD, DM (Neurology), Fellowship in Epilepsy
Senior Consultant Neurologist and Epileptologist
Aster Hospitals Bengaluru and Aster MIMS Calicut

Dr. Keni Ravish Rajiv is a highly qualified neurologist with specialized expertise in managing complex adult and pediatric epilepsy cases. He is among the few certified epileptologists in India, with a strong track record in treating drug-resistant epilepsy.

Under his expert guidance, epilepsy surgery has been successfully performed on over 350 patients with refractory epilepsy, significantly improving their quality of life.

Dr Pradeep Ishwarappagol

Consultant Interventional Pulmonologist
Sparsh Hospital Yelahanka
Bengaluru

He specializes in complex bronchoscopic procedures, airway stenting, pleuroscopy, and endobronchial ultrasound (EBUS) using both convex and radial probes, with a focus on advanced minimally invasive pulmonary interventions.

Dr. Chiran Babu A

Director and Senior Consultant - Cardiothoracic and Vascular Surgery, KIMS Hospitals, Bengaluru

Trained at JIPMER, Puducherry, Dr. Chiran Babu A heads Cardiothoracic and Vascular Surgery at KIMS Hospitals, Bengaluru. His expertise includes on-pump and off-pump CABG with total arterial revascularisation, mitral and aortic valve reconstruction, aortic aneurysm and Bentall procedures, arch aneurysm surgery, minimally invasive and robotic cardiac surgery, heart transplantation, ECMO and LVAD.

With several publications to his credit, he manages complex cardiothoracic and vascular cases.

Dr. Balaji G

Senior Consultant - Medical Gastroenterology, Hepatology & Interventional Endoscopy, KIMS Hospitals, Electronic City, Bengaluru

Dr. Balaji G, Senior Consultant for Medical Gastroenterology, Hepatology and Interventional Endoscopy at KIMS Hospitals, Electronic City, Bengaluru, past working experience as an Assistant Professor at St. John's Medical College. Consultant at Fortis Hospital and Kauvery Hospital. His practice today focuses on advanced

diagnostic and therapeutic endoscopy, along with managing GI bleeding, ERCP, Endoscopic ultrasound biliary and pancreatic disorders. Special interest on Motility disorders of GI tract and ENDOBARIATRICS. His research has covered hepatitis B and motorised spiral enteroscopy for small bowel disease.

Dr. Vijay Kumar H J

Senior Consultant - Medical Gastroenterology, Hepatology & Interventional Endoscopy, KIMS Hospitals, Electronic City, Bengaluru

Dr. Vijay Kumar HJ is Senior Consultant in Gastroenterology, Hepatology, and Interventional Endoscopy at KIMS Hospitals, Bengaluru. He completed his DM Gastroenterology from SGPGI, Lucknow, with advanced training in Bariatric Endoscopy (Madrid) and EUS (WEO). His expertise includes EUS, EMR, ESD, POEM, and advanced

therapeutic endoscopy, providing comprehensive care for GI and hepatobiliary Pancreatic diseases. He is among the few Indian gastroenterologists to be a part of Interventional Endoscopy Consortium (IEC).

Dr. Vidyashankar Panchangam

Director & Lead Consultant - Nephrology, KIMS Hospitals, Mahadevapura, Bengaluru

Dr. Vidyashankar Panchangam directs Nephrology at KIMS Hospitals, Bengaluru, holding a DM from Seth GS Medical College and KEM Hospital, Mumbai, and a Baxter Scientia Scholarship in Peritoneal Dialysis from the University of Beijing. He's built particular expertise in high-risk and ABO-incompatible

kidney transplantation, paediatric transplants and dual organ procedures, backed by several published case studies in transplant medicine.

Dr. Suresh Babu M C

Director - Medical and Haemato Oncology, KIMS Hospitals, Bengaluru

Dr. Suresh Babu M C serves as Director - Medical and Haemato Oncology at KIMS Hospitals, Bengaluru. A DM graduate in Medical Oncology from Dr. MGR Medical University, Chennai and FRCP from the University of Glasgow and, he specialises in solid tumours, haematological malignancies, bone marrow transplantation, immunotherapy and targeted cancer therapies.

With over 200 publications in national and international journals, he also played a key role in establishing the KIMS RENOVA Oncology Institute, advancing integrated and coordinated cancer care.

Dr. Sujit Kumar

Director & Senior Consultant - Neurology, KIMS Hospitals, Electronic City, Bengaluru

Dr. Sujit Kumar leads the Neurology department at KIMS Hospitals, Bengaluru, as Director and Senior Consultant, running both a comprehensive epilepsy surgery programme and a busy neuro-ophthalmology practice. Over a decade of work in deep brain stimulation has made him a go-to name for Parkinson's disease and dystonia cases, and he also oversees a strong stroke programme covering thrombectomy and carotid interventions.

He has published several research articles in reputed national and international journals, reflecting his continued commitment to advancing neurological sciences through clinical research and academic excellence.

Dr. Santoshkumar Hakkalamani

Senior Consultant - Orthopaedics, Chief of Joint Replacements, Robotic Surgery & Sports Injuries, KIMS Hospitals, Electronic City, Bengaluru

Dr. Santoshkumar Hakkalamani serves as Chief of Joint Replacements, Robotic Surgery and Sports Injuries at KIMS Hospitals, Electronic City, Bengaluru, with extensive training in the UK, including an FRCS from the Royal College of Surgeons, England. Over two decades, he has built deep expertise in lower limb arthroplasty and soft tissue knee surgery, and is well

regarded for his work on rapid rehabilitation after joint replacement and revision arthroplasty.

Dr. Sandeep Nayak

Chairman - Oncology & Executive Director - Surgical Oncology & Robotic Surgery, KIMS Hospitals, Bengaluru

Dr. Sandeep Nayak has spent over 24 years building a reputation as one of India's leading surgical oncologists. He currently heads Oncology Services and leads Surgical Oncology and Robotic Surgery at KIMS Hospitals, Bengaluru. Known for pioneering minimally invasive techniques such as RABIT and MIND for head, neck and thyroid cancers, his work

spans robotic and laparoscopic oncosurgery, breast and GI cancers, always with an eye on precision and quicker recovery for his patients.

Dr. Ravi Mohan Rao B
Director & Senior Consultant – Neurosurgery,
KIMS Hospitals, Electronic City, Bengaluru

An alumnus of NIMHANS with 31 years in neurosurgery, Dr. Ravi Mohan Rao B now serves as Director and Senior Consultant at KIMS Hospitals, Bengaluru. His practice covers skull base surgery, cerebrovascular conditions, epilepsy surgery and deep brain stimulation for movement disorders, and he has over 700 epilepsy surgeries and 75 DBS procedures to his name. At KIMS, he has helped build out comprehensive stroke and epilepsy management programmes.

Dr. Rajiv Lochan J
Lead & Senior Consultant – Surgical Gastroenterology,
HPB Surgery & Liver Transplantation

Dr. Rajiv Lochan J leads Surgical Gastroenterology, HPB Surgery and Liver Transplantation at KIMS Hospitals, Bengaluru, bringing specialised international training in hepatobiliary and transplant surgery. His work centres on complex hepatobiliary and pancreatic surgery, high-risk liver transplants and dual organ transplantation. He has over 40 publications behind him and remains closely involved with the hospital's Institute of Liver and Digestive Sciences.

Dr. Rajesh T R
Director and Senior Consultant – Cardiothoracic &
Vascular Surgery (CTVS), KIMS Hospitals, Bengaluru

With more than 10,000 cardiac surgeries behind him over two decades, Dr. Rajesh T R now directs Cardiothoracic and Vascular Surgery at KIMS Hospitals, Bengaluru. He developed India's first Ventricular Assist Device programme and carried out Asia's first implantation of a third-generation LVAD.

At KIMS, he's taken this further into robot-assisted minimally invasive cardiac surgery, covering CABG, valve repairs and complex tumour excisions.

Dr. Raghuram Gopalakrishnan
Director & Senior Consultant, Head of Stereotactic &
Functional Neurosurgery,
KIMS Hospitals, Mahadevapura, Bengaluru

Dr. Raghuram Gopalakrishnan is Director and Senior Consultant, Stereotactic & Functional Neurosurgery, at KIMS Hospitals, Bengaluru. Trained in Japan and a Fellow of the American Association of Neurological Surgeons, he established the hospital's comprehensive Neuromodulation Department, offering DBS, spinal cord stimulation, and sacral nerve stimulation.

He also launched India's first Adaptive DBS programme and is an internationally recognised Key Opinion Leader, faculty member, and mentor in neuromodulation.

Dr. Prasanna Bhat K S
Senior Consultant – Hepatology & Transplant Medicine

Dr. Prasanna Bhat K S serves as Senior Consultant for Hepatology and Transplant Medicine at KIMS Hospitals, Bengaluru, and earned a gold medal in his DM from Christian Medical College, Vellore. He manages cirrhosis, viral hepatitis and acute-on-chronic liver failure, and cares for patients undergoing liver transplantation.

His published research covers platelet behaviour in portal hypertension and predictors of outcome in liver failure.

Dr. Pavan Yadav M V
Clinical Director & Senior Consultant – Interventional Pulmonology
& Sleep Medicine, Associate Director - Lung Transplantation, KIMS
Hospitals, Bengaluru

Dr. Pavan Yadav M V serves as Clinical Director for Interventional Pulmonology and Sleep Medicine, and Associate Director of Lung Transplantation, at KIMS Hospitals, Electronic City, Bengaluru. Over 18 years in the field, he has helped set up one of India's earliest successful lung transplant programmes.

His work today spans advanced bronchoscopy, EBUS, airway stenting and treatment of complex respiratory and sleep disorders.

Dr. Mohan Kumar Jagadeesan
Senior Consultant - Orthopaedics, Chief of Arthroscopy Division, Sports
Injury Specialist, Knee & Shoulder Surgeon, KIMS Hospitals, Electronic
City, Bengaluru

As Chief of the Arthroscopy Division at KIMS Hospitals, Electronic City, Bengaluru, Dr. Mohan Kumar Jagadeesan has built his career around knee and shoulder surgery. His training took him through fellowships in Taiwan and South Korea, sharpening his skills in arthroscopy and sports medicine. Today his focus stays on sports injuries, ligament reconstruction and shoulder arthroscopy, backed by more than two decades of surgical experience.

Dr. Mallikarjun Sakpal
Senior Consultant - Hepatology & Liver Transplant Physician,
KIMS Hospitals, Mahadevapura, Bengaluru

Dr. Mallikarjun Sakpal serves as Senior Consultant, Hepatology and Liver Transplant Physician, at KIMS Hospitals, Mahadevapura, Bengaluru, having completed his DM in Hepatology at PGIMER, Chandigarh. He manages complex liver and biliary disease and looks after patients through the pre and post-operative stages of liver transplantation.

His research interests include hepatitis C related liver disease and the role of vitamin D in obesity related liver conditions.

Dr. Kumardev Arvind Rajamany
Director & Lead Consultant - Orthopaedic Surgery & Complex Trauma,
 Robotic Joint Reconstruction / Replacement, Sports Medicine &
 Arthroscopy, KIMS Hospitals, Mahadevapura, Bengaluru

Dr. Kumardev Arvind Rajamany directs Orthopaedic Surgery and Complex Trauma at KIMS Hospitals, Bengaluru, with expertise in robotic joint replacement, sports medicine and arthroscopy. A pioneer in advanced joint reconstruction, he performed Karnataka's first ceramic knee replacement and Bengaluru's first robotic medial pivot knee replacement.

He also recently led Karnataka's first NitrX Medial Pivot knee replacement using kinematic alignment, further advancing precision orthopaedic care in the state.

Dr. Ishtiaq Ahmed
Director & Lead Consultant - Nephrology,
 KIMS Hospitals, Electronic City, Bengaluru

With nearly 25 years of experience in nephrology, Dr. Ishtiaque Ahmed serves as Director and Lead Consultant - Nephrology at KIMS Hospitals, Bengaluru. Trained at Christian Medical College, Vellore, he specialises in high-risk kidney transplantation, including ABO-incompatible, HIV-positive and combined organ transplants. Renowned for his compassionate patient care, he has also established haemodialysis centres across rural Karnataka and Tamil Nadu, improving access to advanced renal care.

Dr. Guruprasad Hosurkar
Director & Lead Consultant - Neurology, Head of
 Parkinson's Disease & Movement Disorder Programme,
 KIMS Hospitals, Mahadevapura, Bengaluru

With over 20 years in neurology, Dr. Guruprasad Hosurkar directs the Parkinson's Disease and Movement Disorder Programme at KIMS Hospitals, Bengaluru. Trained in deep brain stimulation in Germany, he specialises in the management of complex Parkinson's disease, movement disorders and other neurological disorders.

He was part of the team that introduced adaptive DBS technology in India and was recently honoured with the MDSI Fellowship Award 2026 for his contributions to Parkinson's care.

Dr. Girish Godbole
Director & Senior Consultant - Interventional Cardiology,
 KIMS Hospitals, Electronic City, Bengaluru

Dr. Girish Godbole leads Interventional Cardiology at KIMS Hospitals, Electronic City, Bengaluru, with a career built across both clinical practice and research. He is an expert at intravascular imaging and complex coronary interventions with calcium modification, bifurcation lesions and CTOs. His expertise includes structural cardiac interventions.

He is a proctor for device therapy of arrhythmias (including leadless pacemakers) and heart failure.

Dr. Dinesh Nayak S
Senior Consultant & Associate Director - Neurology,
 KIMS Hospitals, Electronic City, Bengaluru

Dr. Dinesh Nayak S serves as Senior Consultant and Associate Director of Neurology and Epilepsy at KIMS Hospitals, Bengaluru. He trained in epileptology at King's College Hospital, London, and has since evaluated more than 3,000 patients with drug-resistant epilepsy, contributing to over 1,500 epilepsy surgeries along the way. He's now part of the team driving the hospital's new Institute of Advanced Neurosciences, bringing years of experience in presurgical evaluation, video telemetry, Stereo-EEG and Neuro modulation.

Dr. Deepak Krishnamurthy
Director & Lead Consultant - Cardiology,
 KIMS Hospitals, Mahadevapura, Bengaluru

Dr. Deepak Krishnamurthy directs Cardiology at KIMS Hospitals, Mahadevapura, Bengaluru, and holds a gold medal in DNB Cardiology. His practice covers primary and complex angioplasty and stenting, intravascular imaging guided PCI, TAVR, TMVR and pacemaker implantation, alongside heart failure management and other complex cardiac interventions. He treats both paediatric and adult patients and continues to publish research on structural heart disease and interventional techniques in leading cardiology journals.

Dr Vishwanath Bellad

MBBS, DNB (Respiratory Diseases), TDD

Dr Vishwanath Bellad currently serving as Consultant Pulmonology and sleep Medicine, has completed MBBS from Jawaharlal Nehru Medical College, Belgavi in 1993. He completed DNB (Respiratory Diseases) in 2003 from Lokamanya Tilak Municipal General Hospital Sion Mumbai. He has more than 25yrs of rich experience in field of respiratory diseases, including critical care and Poly Trauma. His areas of interest integrated tradition medicine with modern medicine.

Dr. Swaroop

MBBS, MD (Radiation Oncology),
DM (Medical Oncology)

Dr. Swaroop is a seasoned oncologist dually qualified in medical and radiation oncology. Since 2009, he has treated over 20,000 patients and authored 90 internationally indexed publications, including high-impact commentaries. Alongside his expertise in managing rare tumors, he specializes in potentially curative approaches for metastatic cancers. He achieves this through personalized medicine, strategically leveraging immunotherapy, targeted therapies, and conventional chemotherapy. Looking toward the future, his pioneering research focuses on integrating immuno-oncology and quantum computing to advance the field of oncology.

Dr Sravan.C.P.S

MBBS, MS (General Surgery), DNB (General Surgery),
DNB (Vascular Surgery), MRCS (Edinburgh),
Clinical Fellow (Vascular Surgery, NUH Singapore)

Dr Sravan.C.P.S is a Senior Consultant in Vascular Surgery and Endovascular Interventions with a decade of experience. He offers both open and minimally invasive options for a wide spectrum of vascular procedures like varicose veins, Deep Vein Thrombosis (DVT), Gangrene and Peripheral Artery Disease (PAD), Diabetic foot, Embolisation procedures, Aortic Aneurysm and Dissection and Dialysis access procedures like AV fistula/graft and Permcath insertion.

Following his speciality training in India, he has worked in NUH, Singapore and then as an Assistant Professor at Jaydeva Institute of Cardiovascular Sciences. He has been quick to adapt to the latest technology and among the first in the country to use AI assisted aspiration systems for DVT. He has also been invited as faculty and trainer in various conferences.

Dr. Raghunath C N

MBBS, MD

Dr. Raghunath C N is a seasoned pediatrician and pediatric intensivist based in Bengaluru, with extensive expertise in pediatric critical care. Since commencing his practice in 1998, he has managed a wide spectrum of complex PICU cases, led key initiatives in sepsis management and antibiotic stewardship, and played a pivotal role in the training and mentoring of postgraduate pediatric trainees. He has published many research papers and scholarly articles in peerreviewed journals, reflecting his strong commitment to evidencebased practice and academic excellence. He has also been honoured with the Best Doctor Award by the IMA Bengaluru, in recognition of his clinical leadership and dedicated service to the pediatric community. Looking ahead, his pioneering interests focus on the integration of artificial intelligence into PICU workflows and resource optimization, with the objective of advancing pediatric critical care delivery and training in India.

Dr Poorna Chandra

MBBS, MD, DM

Dr Poornachandra KS Consultant Gastroenterologist and Hepatologist, Sagar hospitals Bengaluru. Dr Poornachandra KS, is an Alumnus of prestigious Mysuru Medical college & Postgraduate Institute of Medical Education and research and has been a practicing gastroenterologist for last 20yrs. He has won medals during his MBBS and MD and has been a Popular and successful Gastroenterologist in Bengaluru.

He is known to be a skillful endoscopist, a patient hearer and provides comprehensive solutions to GI problems. His research has been published in international journals on Pancreatitis, Gall Bladder Cancer, Esophageal Strictures, Toxic Ingestion and Malabsorption Disorders.

Dr. Kumar Parth

MBBS, FAIS, FMAIS (Minimal Access Surgery), MNAMS,
DNB, FSGE (Surgical Gastroenterology), EFAIGES
(Advance Therapeutic Endoscopy), FACCRSI (Colo-Rectal
Surgery), Fellowship in Advance Hernia - Singapore FISCIP
(Coloproctology)

Dr. Kumar Parth is a leading Surgical Gastroenterologist and advanced laparoscopic GI surgeon based in Bengaluru, renowned for his expertise in minimally invasive gastrointestinal surgery. He has performed one of the highest volumes of day-care hernia and gallbladder surgeries in the city of Bengaluru. He is credited with achieving the removal of the highest number of gallstones through a single laparoscopic procedure.

His areas of special interest include complex abdominal surgery, hepatobiliary (liver and biliary), pancreatic, and colorectal diseases. With a strong focus on precision, innovation, and patient-centered care, Dr. Parth is dedicated to delivering excellent surgical outcomes with faster recovery and enhanced quality of life.

Dr. K. S. Kishore

MBBS, MD, Fellowship in Peripheral Vascular
Interventions

Dr. K. S. Kishore is a renowned Interventional Cardiologist in Bengaluru with over 27 years of experience in treating complex adult and pediatric heart diseases. A pioneer of the radial approach for coronary angioplasty in Karnataka, he has performed 15,000+ cardiac procedures. He is a Fellow of the American College of Cardiology (FACC) and recipient of prestigious honors, including the Best Challenging

Case Award at TCT, San Francisco, Times Health Excellence Awardee, and recognition among India Today's Top Doctors South. In addition to his clinical practice, Dr. Kishore K S is actively involved in medical education and research.

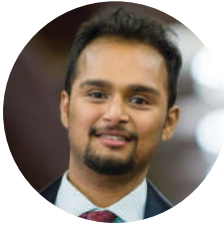

Dr. Chethan Nagaraj

MBBS, MS (Ortho), DNB, MNAMS Fellowship in Knee &
Shoulder Surgery (Aus, NZ, Japan)

Dr. Chethan Nagaraj completed his Ms Orthopaedics from Madras college, Chennai. He went on to work at the prestigious All India Institute of Medical sciences (AIIMS), New Delhi. He has done accredited International fellowship training from Australia, New Zealand and Japan, in the fields of knee surgery, shoulder surgery, joint replacements, Arthroscopy and sports injuries.

Dr. Chethan's special interests are joint replacements surgeries and arthroscopicsurgeries. He has more than 20 years of Othopaedic experience and has an extensive experience of thousands of orthopaedic surgeries. He is also an accredited Robotic joint replacement surgeon.

Dr Bijjal Raj

MBBS, Diploma in Otorhinolaryngology (DLO),
Fellowship in Micro Ear Surgery (FMES)

Dr. Bijjal Raj is a Consultant ENT Surgeon at Sagar Hospitals DSI. He is a Micro Ear Surgeon with keen interest in snoring and sinus surgeries. He is the winner of the prestigious Dr. RAF Cooper award in 2020 and Dr. H. Vijayendra gold medal in 2023 for his original research Articles.

He has performed over thousands of Complex Ear, Nose and Snoring Surgeries. He has Various publications under this name. He has also presented numerous papers and Videos in National and State conferences.

Dr. Arun L. Naik

MBBS, MS (Neurosurgery), MCh (Neurosurgery)

Group Chief of Neurosciences, Sagar Hospitals, Bangalore. An AIIMS New Delhi-trained neurosurgeon, Dr. Arun L. Naik has performed over 10,000 brain and spine surgeries across a distinguished 26-year career. A pioneer of technology-driven neurosurgery, he was the first in India to perform neuronavigation-guided brain surgery (2000) and the first in Bangalore to do spinal navigation surgery (2006).

He is nationally renowned for re-do spinal surgery, brain aneurysm surgery, endoscopic pituitary and skull base procedures, and Deep Brain Stimulation for Parkinson's Disease. He helped establish state-of-the-art neurosurgical facilities at SSSIHS Whitefield, BGS Global, and Apollo Hospitals. A DrNB teacher and examiner, he mentors neurosurgeons worldwide and educates the public as @Doclogues on social media

ANDHRA PRADESH + TELANGANA

Dr. Ashok Raju Gottemukkala

Dr. Ashok Raju Gottemukkala is an experienced Orthopaedic Surgeon at CARE Hospital Hitech with 21 years of practice. He helps patients regain mobility and reduce pain through modern techniques such as Robotic-Assisted Joint

Replacement and tailored Trauma care. He is known for treating difficult cases which includes Revision Surgeries after failed fixations and joint replacements, hip-preservation procedures to delay or avoid replacement, and pelvic-acetabular surgery. Dr. Ashok Raju is one of the initial surgeons in Hyderabad to start Minimally Invasive Total Hip Replacement through DAA with robotics. Patients value his compassionate approach, attention to safety, and focus on long-term function and quality of life.

Dr. C Aparna

She is currently **Regional director neonatology, Academics and Research KIMS Cuddles -Telangana**. With nearly 15 years' experience in the field of **pediatrics and neonatology**, she caters to **extremely preterm neonates starting from 24 weeks, neonates requiring cardiac**

surgeries, inhaled nitric oxide etc. She was interviewed by NDTV for saving the smallest neonate with covid. With more than 20 publications in indexed journals and 25 book chapters as author as well as editor, she is a reviewer in national and international journals. She has contributed to national neonatology guidelines as an author and as reviewer. She is an astute academician with more than 92 guest lectures at conferences, and she started neonatology fellowship training as well as DrNB neonatology program in her unit, and is a neonatal Fellowship examiner as well as Fellowship centre assessor. Some awards she has received include the Dr. S.S. Manchanda Award for Best Research Paper, Outlook South India's Best doctors award, "Young Achiever in Neonatology" awarded by the Times of India.

Dr. M. Gopichand

Senior Consultant Urologist Yashoda Hospital,
Somajiguda - Hyderabad

One of South India's most distinguished urologists, Dr. M. Gopichand is a nationally recognized leader in advanced urology and uro-oncology. With over 20 years of clinical and surgical excellence, he is a pioneer in laser prostate surgery, complex kidney stone management, and **robotic cancer surgery**

for prostate and kidney tumors. **Trusted by thousands and recognized by experts**, Dr. Gopichand is known for his precision, innovation, and compassionate care. He is a respected National Board teacher and currently serves as a **Council Member for the Uro-Oncology subsection of the USI**. His expertise attracts patients and referrals from across India, making him the go-to expert for challenging urological conditions. He is an expert robotic urologist of more than 10 years experience

Dr. M. S. Gopala Krishna

DNB, DTCD, FCCP
Chief Consultant – Interventional Pulmonology, Sleep
Medicine & Critical Care
Aayush Hospitals, Vijayawada, Andhra Pradesh

Dr. Krishna is a leading Interventional Pulmonologist with over 15 years of experience in respiratory medicine, bronchoscopy, sleep medicine, and critical care. He is recognized for his expertise in advanced airway interventions, Endobronchial Ultrasound (EBUS), medical thoracoscopy,

pleural disease management, and minimally invasive bronchoscopic procedures. A pioneer in Interventional Pulmonology in Andhra Pradesh, Dr. Krishna has introduced several advanced diagnostic and therapeutic bronchoscopic techniques while promoting innovative, cost-effective approaches to patient care. His clinical interests include complex airway diseases, lung cancer, pleural disorders, respiratory failure, and critical care bronchoscopy. He serves as Chief Consultant at Aayush Hospitals, Vijayawada, and is the Joint Secretary of the Association of Pulmonologists of Seemandra (APSA), General Secretary of the Amaravati Pulmonologists Association, and a Governing Body Member of the Indian Chest Society. He is actively involved in postgraduate teaching, fellowship training, and national workshops in Interventional Pulmonology. A sought-after faculty at national and international conferences, Dr. Krishna has delivered lectures on Interventional Pulmonology, ECMO, pleural diseases, and advanced bronchoscopy. His contributions have been recognized with the Golden Aim Award – Most Trusted Interventional Pulmonologist in Andhra Pradesh (2026), the Dr. Premanand Young Scientist Award, and several awards for excellence in bronchoscopy and clinical innovation. He remains committed to advancing respiratory care through clinical excellence, research, innovation, and medical education.

Dr. V. Nagarjuna Maturu

Pulmonologist, Yashoda hospitals,
HITEC city, Hyderabad.

Dr. V. Nagarjuna Maturu is the head of the Department of Pulmonology at Yashoda Hospitals, Hitec City, Hyderabad. He established the "Pulmonology Precision Clinics" for severe asthma, COPD, interstitial lung diseases (ILD), and bronchiectasis, where patients receive comprehensive, personalized care integrating preventive,

rehabilitative, and advanced therapeutic strategies. In 2025, he launched India's first "Artificial Intelligence-enabled Lung Nodule Clinic" to facilitate early detection of lung cancer. He has also introduced India's first High Altitude Fitness and Hypoxic Challenge Testing facility at their advanced pulmonary function centre, expanding specialized respiratory services.

Interventional pulmonology is one of his principal areas of expertise, and he has introduced several advanced technologies to India. Dr. Maturu has authored over 100 scientific publications and textbook chapters. He is the author of "Clinical Pearls in Pulmonary Medicine" and serves as the Editor-in-Chief of the "Annals of Interventional Pulmonology". His vision for 2026 is to lead multicenter interventional pulmonology research, foster innovation and collaboration, and position India prominently on the global respiratory research landscape.
